Experience

Frontend Developer

Nomad Standard Consulting — Almaty, Kazakhstan   *June 2023 - Present*

- Worked on **JavaScript, TypeScript, Vue 3, Nuxt 3, Tailwind CSS, Web Socket, RestAPI, Axios, Fetch, Docker, Git, Nginx, CI/CD, Visual Studio Code, WebStorm**
- Developed dynamic, responsive web applications using **Vue.js** and **Nuxt.js**, **improving user engagement by 20%.**
- Collaborated with the backend team to implement **REST APIs** and **WebSockets**, optimizing communication between frontend and backend.
- Together with the team, we switched to **TypeScript** for strict code typing, which improved the usability of the code and reduced the number of **errors during execution by 15%**.
- Conducted code reviews, ensuring high-quality code and adherence to best practices across the development team.

Junior Frontend Developer

IMarketing — Almaty, Kazakhstan   *June 2022 - April 2023*

- Created: websites, landing pages, corporate websites, online stores.
- Assisted in building single-page applications with **Vue 2**, **Vue 3** resulting in a **30% faster load time**.
- **Integrated third-party APIs** and libraries to enhance the functionality of customer-facing applications.
- Worked closely with designers to translate **UI/UX wireframes** into code, ensuring pixel-perfect results.
- Developed reusable components that reduced development time for **new projects by 25%**.
- Implemented responsive design and ensured compatibility with various browsers.
